ABOUT IEMDC

The IEEE International Electric Machines and Drives Conference (IEMDC) seeks to address all aspects of design, operation, control, and systems integration of electric machines, electromechanical actuators, and the controls and power electronic drives that implement their applications.

Most global electrical energy is produced by machines and, nearly two-thirds of it is delivered to machines as the end-use devices, their importance for global energy and sustainability is unparalleled. Similarly, the production, use, and growth of electric machinery applications is a vital indicator of economic health. Machines today have expanded far beyond basic line-fed operation characteristic of their initial explosive growth two or three generations ago. Portable disk drives, laptop computers, piezoelectric haptic actuators, and advanced permanent magnet servos have taken their place alongside line-fed induction machines and high-power synchronous machines. Innovations in electric traction, wind generation, medical equipment, aircraft systems, and thousands of other applications continue to expand their domain. Devices have been built at the nano scale, while ever-larger hydro turbines operate the latest pumped-storage systems.

IEMDC is a place where traditional applications, modern drive systems, and future innovations can come together to seed and germinate new ideas and technologies.

As an IEMDC exhibitor, your company’s products, services, and solutions will have first-hand exposure to the anticipated 400 global participants from various sectors of the industry. IEMDC attendees are eager for the newest innovations, technologies, and services that support the Electric Machines and Drives industry.

TERMS AND CONDITIONS

CODES AND AGREEMENTS
The Sponsor and Exhibitor hereby agree to be bound by the “Terms and Conditions” set forth in this document.

SPACE ASSIGNMENTS
Tabletop Exhibitor requests will be addressed in order of receipt of application and payment. In order to emphasize the relevance and importance of Exhibitors’ product and services, the exhibit space may be arranged to promote your offerings in a non-competitive environment. Exhibitor locations will be assigned to tabletop spaces based on best fit. Within these rules, decisions regarding space are solely at the discretion of show management.

USE OF SPACE
The Exhibitor shall not sublet or share the tabletop space provided, nor shall the Exhibitor assign this lease in whole or in part without written notice to and approval from show management. The Exhibitor, as specified in these rules and regulations, will forfeit space not occupied by the close of the installation period. The space may be resold, reassigned, or used by exhibit management. The Exhibitor must pay all costs incurred in the operation of its tabletop space. This provision specifically covers expenditures incurred for lights, power, water and other utilities or services in connection with its own space. All exhibits must be arranged so as not to obstruct the general view or hide the exhibits of others. A maximum height of 8’ will be permitted on all exhibit components and signage. Tabletop Exhibit space includes (1) draped 6’x2 ½’ table and (2) chairs. Exhibitors will have roughly 3’ behind their table for chairs and for any pull-up banners. Exhibitor should not exceed 8’ wide total in their space, to include the 6’ wide table. No rigging or hanging is permitted.

MOVE-IN AND MOVE-OUT
Exhibit material cannot be received at the Westin San Diego Gaslamp Quarter prior to the move-in date. Exhibitor must complete installation of its exhibit in contracted space no later than 11:00 am on Monday, May 13. Should Exhibitor fail to do so, Exhibitor will be deemed a “No Show” and its space shall be subject to reassignment or cancellation without notice. Exhibitor shall remove all its property from the Westin San Diego Gaslamp Quarter by 6:00 pm on Wednesday, May 15. If such property is not removed within the period of time for move-out, IEMDC 2019 Management may remove such property at Exhibitor’s expense. Early teardown or dismantling of Tabletop space by exhibitors is strictly prohibited. Show Management will monitor and enforce this policy. Please plan your travel accordingly. If full payment of space rental fee has not been received, the exhibitor will not be permitted to set up, nor will freight be delivered to tabletop space. The Westin San Diego Gaslamp Quarter does not have a loading dock or forklift, so all pallets need to be sent with a delivery truck that has a lift gate.

SAFETY REGULATIONS
The use or storage of flammable liquids, gases, or solids will not be permitted. Only a safety film can be used. Video presentation must be arranged so that aisles are not blocked. Exhibitors must adhere to all municipal and state laws, rules and regulations. No combustible decorations are allowed and other material must comply with fire department regulations.

SOUND DEVICES AND NOISE LEVEL
The use of devices for the mechanical reproduction of sound is prohibited. Any demonstration or presentation must be conducted at a low volume so that nearby exhibitors are not bothered.
